J. IRAL:

TO Whom It May Concern.

HIS MAY CERTIFY that we have been using the past season, They's Patent Improved GUNGES, for hanging bang-saws, and we wish to say that the timesaved in changing from one season, will doubly compensate for the cost. The gauges are so arranged in order to be easily changed to any desirable size, and is a very desirable and useful tool in the business. They are very durable, not liable to get out of order, and hold the saws much longer than the old kind of gauges. We recommend them to all users of bang saws as being a time and money saver.
